Hi, Divine Ones –

Below you can find offers of 25 minutes for \$25 readings or other healing opportunities from several of my *Divine Diamond* clients.

1. The Money Mojo Path to Abundance

In this Energy Reading/Healing on a money issue, we will look at how you are manifesting on the physical plane and what blocks may exist that keep you from being in the flow of abundance. We will also look at your creative channels and your relationship to earth energy.

At the end, you will receive a healing on the areas that presented themselves during the reading, so that you have clearer communication around money and be better able to manifest in present time.

I graduated from the Clairvoyant program at Psychic Horizons in San Francisco in 2005, and offer specialty readings/healings.

To receive your Bonus energy reading/healing on money – for just \$25 for 25 minutes -- please email me your request. I will send you an invoice and link to schedule your reading.
