something bad will happen!”***

**Day #5 - Tapping Transcript**

**Disclaimer:** This transcript has been edited; however, there may be English or grammatical errors since it is spoken English, as opposed to written English. Please ignore the errors (or let us know where they are so we can correct them). ☺ Enjoy!

***Let's declare our intention...***

We're going to call in our guides.

We're going to call in our angels.

We say *“Thank you, thank you, thank you”* for the opportunity to clear this shit, clear this stuff that says we can't have money consistently, ongoingly, easily. Thank you.

Thank you for the help that you provide, the “ahas” that you deliver, the unconscious awarenesses that are bubbling up so we can clear them. Thank you.

Thank you for the gift of today.

The gift of right now.

The gift of this group together sharing brilliance, community, vulnerability, awarenesses.

We are so grateful.

And we receive our own.

We know only love is spoken here.

And so, it is.

### ***Let's start tapping...***

(Remember to start tapping when you're ready.)

*Even though I have this belief that says "Something bad happens when I get a lot of money," or "Something has to happen in order to get a lot of money," or both,*

*The police that says "It's not okay to have money in my life."*

*It has to be used for something.*

*That it can't just grow and build.*

*Somewhere, I got this belief.*

*I saw other people teaching me that, modelling it for me.*

*And then, I began to create that as my reality.*

*This belief keeps me from having what I truly want which is a healthy, happy, whole relationship with money wherein I'm allowing it to flow in and I'm allowing it to flow out consistently, easily, without the drama.*

*I have gotten so used to the drama that that feels like the norm.*

*Money and drama seem to be mixed in together for whatever reason.*

*And I'm willing.*

*I'm willing to start looking at how I can let go of the drama that shows up in my life around money.*

*I don't like it being called drama. And yet, there it is.*

*There it is.*

*"Money," "windfall." I feel tension around those words.*

*I feel tension around the words like "bills," "debt," "credit," "past due," "over-balance," "over the credit limit," "penalty fees," "stocks."*

*I feel anxiety around all of that.*

*I realize that things happen in life.*

*People pass.*

*People I love, they transition to the other side.*

*They die.*

*They get sick.*

*Heck, I get sick at times.*

*Pets get sick and money is there to provide.*

*And when it's not, it's a source of anxiety.*

*I wonder if I could allow myself to trust that when I need it, the money would be there.*

*That when I need money, it will show up.*

*It will come for me, to me.*

*I wonder if I can relax into believing that money wants to play with me.*

*It wants to be my friend.*

*It wants to be my lover.*

*It wants to be in a happy, healthy relationship with me where there's not drama.*

*I wonder if I am creating the drama,*

*If I'm the one who's creating the anxiety around money.*

*"Oh, I don't have it yet. I wonder if it will come today."*

*"Where is it?"*

*"Why isn't it here?"*

*"I need it."*

*I wonder if my feeling this way and my thinking this way, I'm creating more drama, more resistance to the money showing up.*

*(Just be with that for a minute. I can feel a lot of energy swirling around that. Just stay tapping with it.)*

*Guilt and shame.*

*"I feel guilty that I'm not doing it better."*

*"I feel shame that I'm not doing it better. And I'm creating more drama."*

*I wonder if I could just allow my experience to be what it is and not attach anxiety to it, fear.*

*"The money wouldn't show up today."*

*Okay, I have food in the cupboard and in the refrigerator. I have gas in my car.*

*I'm okay. It will be here.*

*I trust that it will be here.*

*I trust that it's coming.*

*I trust that I've done what I needed to do.*

*And now, I'm going to hold the vision and call it in and speak to it as though it's here.*

*This belief that something bad must happen or something bad will happen or I get the money as a result of something bad happening, it just doesn't fit.*

*I don't want to carry that forward.*

*I want money to play with me because money likes me.*

*I want money to come into my life because I like it and it likes me.*

*And in the little, tiny, nooks and crannies, in my brain where I say "I don't like money. Money is not trustworthy. I can't trust that I will show up when I want,"*

*I say, it's time to let that go.*

*It's time to let go of the belief that I can't have what I want,*

*That I can't create what I want.*

*It's time to let go of the idea that something bad must happen,*

*The balance of the universe must be in place, the good the bad, the light the dark,*

*So, money windfall means money outgo. The balance.*

*I'm willing to let myself release that and step into a different truth, a different awareness, a different reality.*

*A reality that says "I can have what I want without the other shoe dropping without paying the piper, without something bad happening.*

*I can have what I want.*

*It's not all checks and balances.*

*It's not all tit for tat.*

*It's not all  $1 = 1$ .*

*If that were the case, we wouldn't have dictators who grab all the resources for themselves.*

*It's only by our decision that that's how life works, that it shows up.*

*How can I let go of my belief that I can't have good without bad?*

*Can I have good and more good and more good?*

*I don't think I have to drink a good glass of water and then drink a bad glass of water in order to balance it out.*

*I don't think I have a good day when my car goes where I want it to and then a bad day where it doesn't.*

*I just expect my car to work.*

*I expect my water to be good.*

*Can I expect my money to be good as well?*

*There's no difference.*

*I call in the good that money is and put up a protective bubble of anything that isn't that to keep out of my experience, out of my energy field.*

*I call in the good that money is and the good that money is in my life that can be in my life.*

*I call it in now like I call in good water.*

*Even though I have been trained to believe in the past that something bad must happen in order for me to create money, especially a large sum of money,*

*I'm willing to let that go.*

*I'm willing to see how it no longer serves me.*

*I'm willing to see how that keeps me from receiving more and experiencing more consistently.*

*I'm willing to let it go that I must pay the piper,*

*That the rugs going to be pulled out from under me if I have something good happen.*

*I'm willing to let go of my addiction to the drama around money, to the drama around my life.*

*And begin to learn how I'm creating that drama,*

*How I'm creating in the participation of more drama in my life.*

*I'm willing to learn because I am done with the drama.*

*And I call in consistency, stability, money in savings, money in retirement, money that I have access to when I need it for the things I desire.*

*I call that it.*

*I claim it here as my truth, as my reality.*

*This is my truth.*

*And I let go of that which says "No, I can't"*

*I can.*

*Yes, I can.*

Go get your Divine ON!

Divine hugs,

Anne
