Divine Client Attraction **Affirmations**

Many spiritual entrepreneurs that I know and work with feel challenged at times attracting an abundance of their ideal, perfect clients. They find themselves wondering what's wrong with them and how they can do better.

If you are feeling uncertain as to where to go or what to do in order to be Divinely attractive to your prospective clients, then you will want to listen to these affirmations. They will help you focus on the Truth of you and your sacred work: who you are, how you help your clients, and how they are truly looking for you (even as you read this).

Listening will support you in being Divinely attractive: someone who stands confidently in your power, without fear, and knowing that you make a big difference in your clients' lives.

You will remember that your work is a beautiful and sacred expression of the Divine in this world, and that you are one who has come to share your gifts with others, and to bring light where there has been darkness.

Stand in this powerful Truth, and ***you will be very Divinely attractive!***

How to use these affirmations:

1. Listen to the mp3 recording that accompanies this report. Listen as you are:

- going to sleep,
- doing any sort of exercise that is calm (like yoga),
- receiving bodywork (i.e., massage, reflexology, craniosacral therapy, reiki, etc.),
- washing dishes or cooking dinner,

- driving errands,
 - meditating,
 - tapping,
 - walking,
 - working (play it in the background on your computer),
 - and any other way you can think of.
2. Say the affirmations out loud to yourself. Tap while you say them. The bold statements are power statements. They have more powerful energy behind them. Say them out loud with ***emphasis!***
 3. Create your own recording of them in your own voice. Change words to fit your particular situation. Then listen to your own recording. Your subconscious will believe you and take action faster than if you just read the affirmations or listen to them in my voice. (It's more powerful because it always is listening to you in your voice.) 😊
