A *Divinely Intuitive*[™] BUSINESS PROGRAM

Your Divine Intention **Week 1 Handout**

Hi, Divine One –

For this program, let's begin by setting our intentions for what we want to create in our month together. The clearer you are now, the easier it will be to recognize that you created what you intended later.

For example, if you want to create more money, then please specify how much money you want to create. If you want to create more clients, then please specify how many clients you want to create. You get the idea.

Be tangible. Be specific. Here are some examples below:

- I intend to create 3 new clients in this next month.
- I intend to connect successfully with my market in this next month via my ezine/social media platform/my list, etc.
- I intend to create \$5,000 in income in this next month.
- I intend to become more visible to the world this next month by creating and sharing 5 videos/articles/blogs, etc.
- I intend to get more organized in my business in this next month by creating an Operations Manual.
- I intend to be more comfortable with sales conversations in this next month by having 20 more.
- I intend to create a new social media marketing campaign by learning and becoming active (in a marketing way) on a new (to me) platform. The platform is _____.
- And so on.
