Your Divine Clients **Class 2 - Tapping**

We're going to do some general tapping now around Client Attraction because I think that it is so important that we understand how when we attract our clients, when we just show up as we truly are.

Everybody, have a nice deep breath in. Look at what you wrote down as far as your fear of bringing in clients. Let's see if I can tune in to some of you.

I am really afraid.

I'm not really sure what to do.

I'm not really sure where to go to get clients.

I'm not sure what it's going to look like.

*And if I get a bunch of clients, Oh my word, then I have to **do** something with them,*

*...then I have to be **responsible** to them,*

...or maybe even responsible "for" them.

That's the worst.

I don't want to be responsible for my clients.

I really don't want to be responsible for their success or their failure.

I wonder if maybe I could look at it as though they are responsible for their success or their failure.

I wonder if maybe I could look at it as though I show up 100% for them, and provide the space for them to transform their lives.

But that their transformation is up to them.

If I look at it like that, then maybe I'm not responsible for them, but I am responsible to them.

Oh, I like that! I could live with that.

Okay, fine! I'm responsible to them but not for them. Now, how do I get clients?

Where the heck are all my clients?

I want clients.

*And how do I get clients if I haven't even gotten the **first** one?*

*Or if I've gotten the first one, how do I get **paying** clients?*

*And if I have paying clients, how do I get **more** paying clients?*

Maybe I can just show up.

Maybe I can show up and be confident.

Maybe I can know the transformation that I am bringing to my clients, and speak about that.

Maybe I can stop being afraid to shine my light.

Maybe I can remember what it was when I was looking for help and help showed up.

And remember that I am someone else's help.

I don't have to be perfect.

I don't have to be the most advanced.

I don't have to have the best website.

I don't have to have the best graphics.

I don't have to have the best message.

All I have to do is show up.

All I have to do is show up and invite people to step into a relationship with me.

All I have to do is share my services.

I have this dream of doing this.

I'm not sure how it can happen, but I do believe that it can because I do believe that I'm being guided.

And maybe what I need to do is stand in faith that I'm being guided correctly,

...that I can trust my intuition,

...I can trust where I'm being guided,

...I can claim myself as an expert,

...I can stand in my power as an expert,

...I can claim my genius and own it, and share it with the world,

...I can let my light shine,

*...and I can say "yes" to clients coming to my life, coming to my work,
coming into my world.*

I do say "yes."

I choose to accept clients now.

I choose to receive them in my energy field now.

I choose to say "yes" and know that it is alright,

...know that I can make a difference,

...know that I can have healthy boundaries,

*...know that I can serve without giving myself away, all of my energy, all of
my power.*

I can give with love.

I can serve with love.

And I can serve in a healthy way.

I do want clients.

I want fun clients.

I want Divine clients.

I want clients that pay!

I want clients that want to work with me.

I want clients that are fun to work with,

...that are motivated,

...that are interested,

...that are interesting and enjoyable.

That is my Divine client.

And that's who I call into my experience now.

I choose it,

...I claim it,

...and I accept it.

And so it is.

Alright, everyone, take in a nice deep breath.

Divine hugs,

Anne
